

Cell and Developmental Biology SEMINAR SERIES

2020

09 December
11:00

Prisca Liberali – FMI, Basel, Switzerland

Design principles of tissue organization (Fassberg Seminar)

2021

21 January
13:00

Meritxell Huch – MPI-CBG, Dresden, Germany

Tissue regeneration and its deregulation in disease (Fassberg Seminar)

11 February
13:00

Celeste M. Nelson – Princeton University, USA

Tissue morphodynamics (Fassberg Seminar)

18 March
13:00

Kate McDole – LMB - Cambridge, UK

Morphogenesis of the early mammalian embryo (Fassberg Seminar)

22 April
13:00

Raphaël Mercier – MPI-BPR, Cologne, Germany

Chromosome Biology (Fassberg Seminar)

06 May
13:00

Kathy Niakan – Crick Institute, London, UK

Human Embryo and Stem Cell Laboratory (Fassberg Seminar)

03 June
13:00

Thomas Surrey – CRG, Barcelona, Spain

Intracellular Self-Organization (Fassberg Seminar)

HOST: DR. MELINA SCHUH AND DR. JOCHEN RINK

Zoom or Large Seminar Room, AI Building,
MPI-BPC, Am Fassberg 11, Göttingen
